Mr. George W. Dutcher, Director
Dept. of Public Works, New Castle County
New Castle County Engineering Building
Kirkwood Highway, P. O. Box 165
Wilmington, Delaware 19899

Dear Mr. Dutcher:

This concerns your Drawing No. LF2, "The General Property Plan for the Tybouts Sanitary Landfill".

On April 22, 1971, we wrote to you about your proposed use of 6 3/4 acres in the southwest corner which you had labeled "Proposed Location of Exchange Site".

By phone call on this date, you indicated that Mr. Ward, the contractor, does not want to use this area. As an alternate, you propose to use an area near the center of "Other Properties of N.C. Ward", which adjoins the Delmarva Power & Light Company right-of-way and lands of Wallace D. Neilson.

We would not object to the use of an area in this portion of the property provided that the following conditions are met:

1. That you submit a sketch showing the boundaries and dimensions of the area to be used.
2. That the area extends no closer than 250 feet to either Red Lion Creek and Pigeon Run.
3. That the area does not extend closer than 700 feet of the rear property line of the properties located on the south side of Delaware Route 71.

4. That you agree to operate this additional area in conformance to the regulations governing sanitary landfills.

Very truly yours,

Donald K. Harneson, Chief
Bureau of Environmental Health
